LETTER OF RECOMMENDATION FOR RAMON MELECIO & LINK TECH, Inc.

To Whom It May Concern:

I would like to take this opportunity to genuinely express my unwavering support to an individual that has qualities second-to-none when providing an atmosphere of excellent customer service skills and community involvement. Ramón Melecio is an exceptional minority small business owner and a great asset to the Commonwealth of Pennsylvania as we strive to formulate and establish innovative initiatives for business growth, creation and economic productivity.

I first met Ramón more than a five years ago. I experienced first-hand through his commitment and dedication the immense difference a person of his caliber can make in an entire community. Later, I had the opportunity to work closely with him on projects and initiatives related to improving the social, educational, political and economic conditions of Latinos in Pennsylvania.

Whether as a chairman of the Hispanic Chamber of Commerce of Berks County or the ¡Adelante con fuerza! Lancaster Latino Education Committee, Ramón has been a strategic partner, an advisor and a key element to the success of projects proposed and implemented by the Governor's Advisory Commission on Latino Affairs. Ramón's work ethics and commitment to quality are commendable. Link Tech, Inc. is a Hispanic-owned business we are proud to be a part of the diverse Pennsylvania business community.

As a member of the Governor's staff, I am delighted to recommend Ramón Melecio and Link Tech, Inc. to you as he pursues his passion of service to Pennsylvania through his top quality minority-owned business. I am confident in the role Link Tech, Inc. plays as an asset to any business collaboration interested in producing the diverse, creative and ingenious human capital needed to sustain our nation's future, and indeed the world.

Should I be of any further assistance do not hesitate to contact my office at (717) 783-3877.

Sincerely,

A handwritten signature in blue ink, appearing to read 'N. Bristol Colón', written over a horizontal line.
